CHUBB®

## We protect the people you treasure most.

Nothing matters more than keeping your loved ones safe. At Chubb, we not only protect the *things* you treasure most—we protect the *people* you treasure most.

Whether at home, on the road, or online, we understand the emotional and financial burden that can come from experiencing a serious crime. It can be difficult to even think about something like cyberbullying, stalking, or carjacking<sup>1</sup> happening to you or a loved one. That's why at Chubb, we're here to help make sure that should the unthinkable happen, you and those closest to you have the support you need to recover physically, emotionally, and financially.

**No matter where you and your loved ones are in the world,<sup>2</sup> Chubb Family Protection<sup>SM</sup> helps make sure that if you are a victim of a serious crime, you are protected.**

**And that protection extends to immediate and extended family for some coverages—for example, a spouse, children, parents, grandparents, siblings, and other relatives.<sup>3</sup>**

At Chubb, you're more than a claim. You're our client. <sup>SM</sup>

**We look for ways to say yes.<sup>SM</sup>**

If you experience a claim, we make sure you're made whole again quickly.

**We look for ways to do more.<sup>SM</sup>**

We provide comprehensive protection to suit your unique needs, and work to prevent issues from happening in the first place.

We know your family's safety is your first priority. With Chubb's Family Protection<sup>SM</sup> policy, that's our first priority too.

## Protection at home, on the road, and online

### We're here to help you feel safe at home.

---

If your home has been broken into or if you're concerned about your safety due to stalking, we'll help cover the cost for comprehensive security precautions. That includes hiring a security consultant to provide an assessment of your home, arranging for professional security guard services, or upgrading your home security systems. And if it's not safe for you to be at home, we'll find you and your family a temporary place to stay where you'll be more comfortable.

### We can help protect against the *what-if* moments on the road.

---

While auto insurance protects your car, we understand that the most important asset to protect in your car is your family. Should the unexpected happen while traveling locally or abroad—like carjacking or violent road rage—Chubb will cover medical expenses, including mental health services, as well as rest and recuperation expenses for you and your loved ones who may have been involved.

### We provide protection from the world online.

---

As more of our lives are spent online, concerns you have for your family—and especially your children—related to cybersecurity and cyberbullying are real and valid. Should a loved one fall victim to cyberbullying, Chubb will provide coverage for lost salary if you're unable to work or school enrollment fees if your child's schooling changes. And to help ensure your family is protected moving forward, we'll also provide coverage for hiring a professional cybersecurity consultant to advise you and your loved ones.
